- Teamwork
- Multitasking

ABOUT ME

Hello! I'm Pedro Agustín Vega. I'm an 19-year-old Argentinian programmer specialized in Python (more than 2 years of experience). I have developed many types of tools, APIs and Discord bots. I am currently studying at CoderHouse to become a FullStack Developer.

EXPERIENCE

2021 - 2023 | Python Developer

- I have developed multiple tools that were used by thousands of people.
- I have participated in more than 10 digital projects where the objective was to create payment tools.
- I have also developed multiple discord bots for largue communities.

EDUCATION

2016-2022 | High school

Centro Educativo El Talar

2022 | Python course

Coderhouse

2023 | Full Stack Development course

Coderhouse
